

ABOUT ARH

Committed to Innovation, Quality and Customer Service

ARH INC.

As an essentially innovation-driven company, success of ARH lies in strong focus on continuous research and development to create new technologies and in the ability to apply these technologies to meet continuously changing customer needs.

When you work with ARH, you gain over two decades of know-how and hands-on experience of OCR (Optical Character Recognition) and imaging technologies. Technologies of ARH are manifested in two main product lines:

- >> ANPR (Automatic Number Plate Recognition) software and dedicated cameras optimized for ANPR / LPR operation
- >> ID document scanners and biometrics: advanced ID document scanners and fingerprint live scanner

The name: ARH stands for Adaptive Recognition Hungary that reflects to the state of the art OCR know-how of the company and its Hungarian origin.
